

CLERKS' UNION IS TO BE ORGANIZED IN MAYSVILLE AT ONCE

Meeting Held Wednesday Evening Starts ON Movement to Organize a Clerk's Union in This City On Next Sunday.

For several weeks a movement has been on foot in Maysville to organize among the clerks in the local retail and wholesale stores a union which will be affiliated with the International Labor Union organizations.

The first meeting looking to this organization was held Wednesday evening at Cullen's Barber Shop in Market street and representatives of the majority of the stores in the city were present. Mr. Stanley Cullen, president of the Maysville Barbers' Union, has been delegated to represent the International Union in the organization of this clerk's union.

Those present Wednesday evening were very enthusiastic over completing the organization and reported that they would have the representation of most every store in Maysville if not quite all. The provisions of the charter to be granted the local union and the advantages offered the members of such a union will be discussed thoroughly at another meeting to be held at the Chamber of Commerce building on next Sunday afternoon and at this time it is thought that matters will be in such shape that the organization can be begun without further delay.

The organization of a Clerk's Union has been suggested for Maysville many times but this is the first time that the movement has gained any headway and it seems certain that within a very short time the salesmen in practically all of the Maysville stores will be members of the union.

THE MAYSVILLE ASSEMBLY CLUB.

UNCLE HIRAM LIKES OUR BAND

The Flemingsburg Times-Democrat says: The Maysville Boys' Band was here Monday and made good music for the court day gathering. The boys have not long been under training, but they reflect credit upon their instructor and themselves. The day was a damp and leaky one, but the crowd stood out in front of the porch of the court house in the drizzling rain to listen to them.

SOLDIERS' PICNIC AT BEECHWOOD PARK ON FOURTH OF JULY

Committees Selected and Movement For Big Anniversary Celebration It Put on Foot—Everybody Should Come to Maysville July Fourth.

Plans for the greatest Fourth of July Celebration in the history of Mason county were practically completed at a meeting of the Directors of the Maysville Chamber of Commerce, City Officials, members of the Executive Committee of the Mason County Soldiers' and Sailors' Association and officials of the Settlement Club held at the Chamber of Commerce building on Wednesday evening.

The meeting was a very enthusiastic one and the twenty odd persons in attendance determined to make the nation's holiday this year a real big party for the returned soldier boys of Mason county and all the adjoining counties who might desire to attend. The meeting will be held at Beechwood Park and instead of a talk fest as has been the case for many years, the celebration will be just one big party lasting all day and into the evening. The Casino will be opened all afternoon and evening for free dancing and first class music will be furnished.

A committee has also been appointed to furnish plenty to eat for the soldiers and their visitors. At present this committee expects to have a big supply of real burgoo as well as other good things to eat and plenty of free lemonade as well as ice water to drink.

The colored soldiers are to be honored as well and Prof. Humphries, of the Maysville colored schools, is on the executive committee representing the colored citizens. It is proposed to have one of the big tobacco warehouses fitted up as a dance hall for them and they too, will have a generous supply of the good things to eat and drink as well as good music.

The Maysville Boys' Band will give concerts at Beechwood Park and at the warehouse where the colored people will hold their big celebration.

The Maysville Gun Club is arranging for a big gun shoot at their grounds east of the city and handsome prizes will be offered in the various events.

In order to finance such a big celebration it will require about \$1200 and a finance committee has been appointed and the members are busy today taking subscriptions for enough money to finance the deal.

Although everyone is expected to attend and have a great big time the affair is to be a party in honor of the soldier boys of Mason county and those at the head of the movement are very anxious that not a returned soldier in Mason county miss the big party.

The Executive committee is as follows: Mayor Russell, chairman; S. P. Browning, A. L. Merz, John Eitel, A. L. Merz, the Entertainment Committee; N. S. Calhoun, Musical Committee; Prof. Humphries, Colored Soldier Committee.

N. S. Calhoun as Chairman of the Musical Committee, and has appointed the following men as assistants: Judge Purnell, J. B. Russell, F. L. Hendrickson and A. L. Glascock. John W. Clark, Mrs. Eneas Myall, Miss Zoryada Cochran, Miss Lucy Baldwin, Henry Rasp, George Dodson, Mrs. Elmer Downing, Mrs. M. C. Kirk, Mrs. M. H. E. French, Mrs. C. S. Burgess, Mrs. Charles Hancock, Mrs. Charles Owens, Mrs. M. H. Davis, Mrs. J. C. Browning, Mrs. Jennie Zeigler, Mrs. William Kackley, Mrs. Frank Peed, Mrs. Richard Holten, Mrs. Arch Dillion.

A. L. Merz, Chairman of the Entertainment and Grounds Committee has appointed the following assistants. First ward, Robert Cochran; Second ward, William Smith; Third ward, Ross Owens; Fourth ward, C. Frank L. Hendrickson and W. L. Traxel will have charge of the drinks and will have plenty of ice cold liquid on hand free for the soldiers.

The personnel of these various committees assures everyone that the big celebration will be a wonderful success. The committees have now begun to get things ready and it is the duty of every Maysville and Mason county person to see that all of the soldiers, their wives, wives, parents and friends spend the Fourth of

EX-CROWN PRINCE FLEES HOLLAND; IS AGAIN IN GERMANY

Son of Former Kaiser Who May Be Tried By International Court Slips Into Hiding in Germany.

Paris, June 26.—Friedrich Wilhelm Hohenzollern, former German crown prince, has escaped from Holland into Germany, the Big Three were advised today.

The former crown prince was accompanied by a staff officer the report said.

The former crown prince remained with the German armies for some time after the Kaiser's abdication on November 9. He later made his way to the Dutch border and temporarily was interned at Maastricht. He left for Mosterland, a little fishing village on the island of Wieringen, near the Dutch naval station at Helder, November 21. He had remained there, with only occasional visits to the mainland, ever since.

The belief has prevailed in some quarters that Frederick Wilhelm's name will be included in the list of those accused of war crimes which the allies will present to Germany after peace is signed, with a request they be turned over for trial by an international tribunal.

Recent reports from Germany indicate the royalist faction is gaining strength. A note recently was sent to the Dutch government by the German Officers' Association demanding that Holland refuse the allies' request for extradition of the former Kaiser. Several incipient movements for restoration of the monarchy have been reported in the Rhine provinces, which always have been particularly loyal to the Hohenzollerns.

BAND TO GIVE CONCERTS ON SUNDAY AFTERNOONS

ARMIES OF ALLIES WILL ADVANCE IF ACTION IS NOT QUICK

Allies Send Ultimatum to Germany to Act Quickly — Unofficial Report Says Saturday Peace Will Be Signed.

Paris, June 26.—An ultimatum will be sent to Germany, threatening an advance of the allied armies, unless definite official word is received soon regarding signing of the peace treaty, it was learned authoritatively today.

Paris, June 26.—The peace treaty will be signed at 3 p. m. Saturday, it was learned from trustworthy sources today.

It was learned further, unofficially, that delegates appointed to sign for Germany were:

Herman Mueller, new German foreign minister.
Johann Giesberts, minister of posts and telegraphs in the Scheidemann ministry and former member of the peace delegation.

Herr Leinert, also a former member of Germany's peace delegation.

They will arrive in Versailles Saturday morning, it was said.

"The situation greatly is improved; unless the unforeseen happens the treaty will be signed Saturday," Paul Dutasta, secretary of the peace conference, said Thursday after a conference with German representatives in Versailles.

Earlier reports said the German government still was unable to get a delegation to sign the treaty. A wireless despatch to Von Haniel, secretary of the German delegation at Versailles, had notified him that Gustav Bauer, chancellor; Herman Mueller, foreign minister, and Philipp Scheidemann, former premier, all had failed to organize a new peace commission.

A later message to Von Haniel said: "Notify Clemenceau we are having the greatest difficulties."

Mueller, according to the Berliner Tageblatt, refused outright to be a party to signing the treaty. This report followed receipt of word in Versailles that he had been appointed to head the new delegation.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

MAYSVILLE MUST SEIZE HER OPPORTUNITIES

Maysville is recognized as one of the best cities in the state. Go to any community and you need not be afraid of letting the world know you're from Maysville for they all tell you that we have some little city of which we can be proud.

However, Maysville must take advantage of her opportunities and the Public Ledger believes we should be ready to take advantage of the opportunities offered us in the great oil movement in Kentucky. Winchester let Lexington take away from her what rightfully belonged to her as the oil center of the Kentucky Fields. Lewis county is being developed and Maysville is the logical center for this business. Shall we be ready to seize the opportunity when it is offered us?

Because of the wonderful lot of money that has been made in Kentucky oil stocks in the past three years, investors are keen to place their money. Wild cat operators are filling every Kentucky city and they come to Maysville in goodly numbers.

The establishment of an Oil Exchange with good connections and operated by a high class business gentleman will pave the way for the business that is certain to come to Maysville if oil is struck in Lewis county and will protect our investors from Wild Cat schemes as well as give them an opportunity to deal in the oil game in a gentlemanly manner.

MASON COUNTY AGAIN LEADS IN EDUCATIONAL MATTERS

Once again Mason county takes the lead in matters educational. The first public school teachers to be erected in the state of Kentucky will be erected at Mayslick, which, by the way, was where the first consolidated school building was erected.

The day of the one room school is fast passing away in Mason county and it now looks that the day of teachers "boarding out" is doomed.

The teacherage idea is not a new one, as there are many being successfully operated in the Western and Middle Western States, but it's new for Kentucky and Mason county leads. Our school system in this good county has always been something of which we have been justly proud. We have had some of the best educators in the country to teach our children and we are in these days realizing that no matter how cultured the teacher, he must be furnished with the proper equipment.

Superintendent Turnipseed, his progressive Board of Education as well as the fine corps of teachers and above all the good, live, wide-awake folks of Mayslick, are to be congratulated.

To Mason county comes the glory but to the people of Mayslick belongs the credit.

THE OUTLOOK IN 1920

The Republican party can probably elect any candidate it may nominate for president in 1920. For that reason it should be sane and safe. We have had a plenty of expansion; we want economies. States and nation are to lose enormous revenues from the adoption of prohibition. Interest accounts are enormously increased. There is only one way to meet declining revenue, and that is by reducing expense.

After taking a trip to Lexington by motor, we can understand why the people of Bourbon county should vote the Twenty-Cent road tax and a fifty thousand dollar bond issue as well. If all the pikes in Bourbon are as bad as the Maysville pike, both propositions should carry by large majorities.

If the general public was more familiar with the libel laws and the ethics of the newspaper business they would understand why reporters do not flash big stories with photos accompanying on every street corner scandal.

We don't think it's fair for Tom Russell to let Enoch Grehen copyright that Thirty-Day Lieker receipt, no matter if the royalty he offers is higher.

The local yard fence club seems to have plenty of subjects to discuss at the present time.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it...I commenced taking it, however, that evening I called my family about me...for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less...I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life...I have never had any trouble from that day to this."

Do you suffer from headaches, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

MISBRANDED BILLS ARE INTRODUCED

N. Y. Association Reaffirms Its Advocacy of the British Merchandise Marks Act.

The Merchants' Association has renewed its request for the enactment of a measure embodying the principles of the British Merchandise Marks Act in place of the various bills which have been introduced in Congress to prevent the fraudulent marking of merchandise.

In a letter to Representative John J. Esch, Chairman of the House Committee on Interstate and Foreign Commerce, The Association sets forth its reasons as follows:

"The Association has hitherto given very earnest attention to the numerous bills intended to protect consumers against the fraud incident to misbranding and similar forms of misrepresentation."

Mrs. R. W. Lauderback, W. Second Street, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and continued use entirely cured me of the trouble."

representation.

"While we have been in hearty sympathy with the purpose of practically all these bills, we have found most of them wholly impracticable by reason of the difficulty and, in some cases, impossibility of conforming to and administering them. Having in view these difficulties, we have hitherto advocated the adoption of measures which should embody the essence of the British Merchandise Marks Act as an effective means of preventing a very large part of the frauds aimed at."

"Our Committee on Commercial Law during the previous session of Congress studied with great care Mr. Barkley's bill, H. R. 10496, and reached the conclusion that that bill was very well adapted for the suppression of most of the frauds incident to misrepresentation by means of labels or brands, and further that it had a very valuable feature peculiar to it in the inclusion among misbranded articles, whether marked or not, those which had been the subject of false statements through the medium of advertisements."

"Mr. Barkley has reintroduced his former bill and it now appears as H. R. 2855. We find that the definitions introduced in Mr. Barkley's bill are so well drawn as to make evasion of the purpose of the bill extremely difficult. The measure would afford a very large degree of protection, not only to the consuming public, by protecting that public from misleading representations, but also the great class of honest merchants and manufacturers by relieving them in a large part from destructive competition, based upon inferior quality and fraudulent statements."

"It will also be of substantial benefit to the owners of honest trademarks and reputable brands."

"It will also be of substantial benefit to the owners of honest trademarks and reputable brands."

"We recommend, therefore, that your Committee favorably report Mr. Barkley's measure. — Greater New York."

The Stories The Dewdrops Told

VI. MR. EARTH WORM—"THE SAPPER"

"I'm not pretty, I know,
And my motions are slow,
But wherever I go,
I help things to grow."

This was what Dolly heard in a low voice that sounded as if it were coming through a blanket.

"How can you help?" asked Dolly, for she remembered that the first Fairy had told her not to be afraid to ask questions.

"I soften the ground
So the roots can go down,
I loosen it too,
So the water coes thru," sang the worm.

"But ou are so small. I don't see how you can do much."

"My brothers all work,
We none of us shirk."

"But if you don't mind, I won't talk in poetry any more. There are so many things I should like to tell you and it takes too much time to speak in rhyme—you see, though, it comes natural to me."

"I think our poetry is lovely," said Dolly politely, "but I should like to know some of the things you do."

"Well, you see we are a very large family. How many can you count, Miss Dolly?"

"Oh, I can count up to a hundred," said the little girl proudly.

"If you could count a hundred hundred and then some more hundreds you would not come near counting us. There are so many of us that the little bit each one does mounts up to a lot."

"We are the sappers, who crawl about under the earth over and over until it is soft. We grind up all the little stones that would bother the roots of the plants. We chew up dead leaves

and grass and—excuse me for the word, but it is true—spit it all out again in a kind of mush that is fine for the roots."

"But I don't see how any one could write a book about you—I beg your pardon, I didn't mean to be rude. But how could they find out what you do?"

"Oh, you mean Mr. Charles Darwin? Well, he kept many of my brothers in pots of earth and watched them, and told people that we had done much more than anybody thought. He said that before men knew anything about plowing, we had been plowing down under the ground for a long time and had made it rich and good for plants to grow in. You see when a seed is planted sometimes it is almost too weak to push its roots into the ground, unless somebody softens it, and that's where we come in. Why, Mr. Darwin said that we had changed whole countries by chewing up the hard parts and making them soft. Of course that took so many many years that nobody could count them, but we did it all the same."

Dolly knew that was slang, but she was too polite to say so.

"I should think it would be dreadful to live down in the ground all the time," she said.

"Oh, we don't stay under the ground all the time. Haven't you often seen us outside taking a bath, or looking around the garden?"

"But you haven't any eyes," said the little girl.

"Well, I didn't mean exactly looking, but—well, we have ways of knowing things that I can't very well explain to you. We feel them. Why, Mr. Darwin said we could feel certain tones when they were played on

the piano."

"Oh, I don't—" I am afraid Dolly was going to very rude and say she did not believe it, but just then a Father Sun touched the dewdrop with a golden wand, and—pliff! It was gone.

KENTUCKY NATIONAL GUARD CALLED TOGETHER BY ELLIS

General Tandy Ellis Issue Orders Calling Together the Remaining Members of State Guards.

Pursuant to a proclamation issued by Governor James D. Black concerning the status of that part of the Kentucky National Guard which was drafted into the service of the United States shortly after the outbreak of the recent war, J. Tandy Ellis, adjutant general of the state, issued general orders Tuesday that "all members of the various organizations of the Kentucky National Guard are hereby directed to assemble at their various home stations at once." This order includes the three regiments which went into Federal service August 5, 1917, and the four companies of Home Guards.

General Ellis' order is the second step taken to reorganize the Kentucky National Guard. The first was taken when Governor Black issued his recent proclamation.

General Order No. 1, as issued by Governor Black, is made up of five sections. The first is the proclamation made by Governor Black, Commander-in-Chief of the Kentucky National Guard. In his proclamation Governor Black places the following construction upon the military status of those men who made up First, Second and Third Kentucky regiments.

"I construe the so-called discharge from the militia provided for by Sec-

tion 111 of the National Defense Act as a discharge temporarily, or suspension of the militia from the power and control of the state, pending the emergency for which Congress authorized the use of the land forces of the United States in excess of those in excess of those of the regular army.

"It is announced the policy of the state administration that no officer or man who was drafted into the army of the United States shall be permanently retained in the national guard of the state contrary to his will."

According to this statement in the Governor's proclamation, all former members of the state guard are required to report, but only those who so desire will be kept permanently in the service of the Commonwealth.

The second section calls upon all members of the various organizations of the Kentucky National Guard to assemble at their various home stations at once.

To ascertain the strength of the Kentucky National Guard, General Ellis says orders in section 4, that "a complete report be made by the commanding officer of each organization to this office. Said report will give the name and rank of the officers, and men present, and all others who are subject to the provisions of the Proclamation, and known to have been discharged from the United States Army."

RED CROSS PEACE PROJECTS

"The first boatload to leave Toulon or New York for the Near East should contain plumbers," declares with emphasis one doctor serving with the American Red Cross Commission to the Balkans. The regeneration of Turkey is beginning with a general sanitary campaign, in which the American Red Cross has been asked to aid.

The Anglo-American influence overseas is resulting in the institution of English as a compulsory language in thousands of elementary schools. Even in the Mediterranean Isle of Crete, the home of Premier Venizelos, instruction in the English language has been arranged for.

In the wake of this, American agriculturists are completing a survey of the soil possibilities of Crete and the Greek mainland, and plans have been made to systematically educate the farmers of Greece to increase the yield of their crops.

The Red Cross, through the League of Red Cross Societies of the world, is entering on a new war service. This time "typhus" is the enemy. The spread of the deadly malady through Poland is being checked by intensive efforts on the part of Red Cross doctors, nurses and workers overseas. The anti-typhus plan is the result of a series of conferences between the su-

CRIPPLED CHINAMAN FOUND LAYING AROUND DAM 33

Young Chinaman Who Just Came Out of Hospital Is Picked Up by Officers and Taken in Charge by Local Laundryman.

Constable Mitchell this afternoon brought to the County Judge's office a young Chinaman who he had found yesterday around the dam. The lad, who appeared about 18 years of age, would not talk to anyone. He could hardly walk acting as if there was something wrong with his back.

As officials at the Court House could not get him to talk, they sent for Wing Sing, local Chinese laundryman, who talked with the boy. The lad's name was Woo Sing. He had worked for Wing Sing here some time ago but had been for some time in Charleston, W. Va. The local Chinaman learned that the boy had been in a hospital at Charleston for some time and was trying to make his way back to his home in Indianapolis when found at the dam.

The boy was taken in charge by the local Chinaman who took him to his laundry where he was given medical attention and if able he will be sent back to Charleston tomorrow.

DELAY CAUSED IN WATER INVESTIGATION HERE

Because the expert which was engaged in making a complete survey of the Maysville Water supply for the United States Public Health Service, was called away on other pressing business, there has been a delay in the extensive investigation proposed for Maysville.

T. C. Wilson of Trinity bought a horse at Clayton during the week for \$175. He took it to his home, turned it loose in the grass lot near the house and within ten minutes the horse broke its neck. It was either frightened at a C. & O. freight engine or was jollying with Kentucky blue grass.

The state road department expects to begin work at resurfacing the pikes of the county which were built with state aid in a very short time. The surfaces will be made as substantial as possible and it is hoped that this time they will prove more lasting than they did when originally constructed.

The Mayslick neighborhood was visited by a very hard rain storm about noon according to information reaching Maysville Thursday afternoon. The ploughed fields were badly washed but no other damage was done.

Regular weekly prayer meeting services will be held at the First Baptist Church this evening at 7:30 o'clock. The services will be in charge of Mr. T. F. Galtner and the public is cordially invited to attend.

SOLDIER SON COMES TO RESCUE OF HIS FATHER

Son of J. T. Belvin, Held in West Union on Manslaughter Charge, Offers to Furnish Bond—Figures are Raised.

Wednesday Sheriff Pettit served official notice on the Common Pleas Judge, Clerk of the Court and Prosecuting Attorney to appear at the Court House June 30, at ten o'clock at an examining trial of J. T. Belvin now detained in the county jail charged with involuntary manslaughter.

Belvin's thirty-year-old son from Texas arrived here Saturday prepared to furnish the \$500 cash bond as fixed by the court after the coroners finding. When Belvin was arranged before Judge Stephenson he increased the bond to \$3000. Belvin, Jr., did not attempt to furnish the increased bond but has employed A. Z. Blair and others to assist in the case next Monday. Young Belvin who was born at Concord, Ky., has spent more than a year overseas in an Aviation Corps and has a good record for efficiency in air service. He is still serving as an official in Texas aviation camp.

By prudence and sacrifice he has saved all money paid him by the government, made the trip here to deposit it for his father's freedom and is bitterly disappointed at the outcome.

He has a soldierly bearing and his demeanor has brought many to him who have tendered their services in his behalf.

If the bond cannot be reduced to the original amount it will probably be furnished.—Manchester Signal.

GRANNIS AFTER THEM IN BRACKEN COUNTY

The Augusta Chronicle says: Commonwealth Attorney Grannis had his nose to the ground for clues to law breakers of any description, and with the assistance of the grand jury, Joe Arch Taylor being foreman, kept a number of the boys dodging, corraling others. One colored boy admitted he had been close to a gambling game for 45 minutes, but he had suffered a complete lapse of memory as to faces, etc.

Judge Newell made the petit jurors smile broadly when he dismissed them until August 18—many of the jurors had tobacco to put out and grain to cut.

The grand jury adjourned on Tuesday afternoon, the following indictments being returned:

Scott Workman, three indictments for selling liquor.

Pearl Kiskaden, cutting with intent to kill.

Joe Lightfoot, colored, obtaining money under false pretenses.

Five young men were indicted for gambling.

CARNIVAL WANTS TO SHOW ON CITY STREETS

A representative of the Metropolitan Shows has been in Maysville for the past several days endeavoring to make arrangements for a week's engagement for these shows in Maysville. The advance agent has been endeavoring to get permission to show on the city streets but this is hardly likely. Unless some other lot can be found beside the Infirmary lot, it is not likely that the shows will come to Maysville.

MUCH DISCUSSED RESOLUTION IS NOT PRESENTED

Ragsdale's Resolution Condemning Book Board Is Given President of K. E. A. For Committee.

Louisville, Ky., June 28.—The much-talked-of resolution demanding the resignations of members of the State Textbook Commission, which Professor George T. Ragsdale, of Louisville, said he would offer before the Kentucky Educational Association at the meeting today, was not formally presented, but was turned over to President Orville Stivers last night with request that it be referred to the Committee on Resolutions.

In compliance with the request made by Professor Ragsdale, the resolution will be turned over by President Stivers to the resolutions committee, composed of Professor R. H. Green, of Bowling Green; Chairman M. E. Ligon, of Lexington; M. M. Faughender, of Henderson; J. A. Payne and E. L. Dix. Members of this committee will consider the resolution.

It is considered as almost certain that the resolution will never be reported to the association, but will die in the hands of the resolutions committee.

In giving his report tonight on a recent experiment with standard tests in arithmetic, Dr. C. B. Cornell, of the University of Kentucky, jokingly said he had been requested to give members of the State Text Book Commission a psychological examination to test their fitness to serve as members of the commission.

The experiments which Dr. Cornell reported last night were recently made in the public schools of Lexington, some of which showed 100 per cent. efficiency on the part of small children in learning arithmetic, such tests being made in addition to subtraction. An interesting address of the Wednesday morning session was that of Dr. J. T. C. Noe, of the University of Kentucky, Lexington, who spoke on "A Fundamental Essential of Education in a Democracy."

MEETING OF SOLDIERS AND SAILORS ASSOCIATION

There will be an important meeting of all officers and precinct chairmen of the Mason County Soldiers and Sailors Association at the Chamber of Commerce on Saturday, June 28th, at 3 o'clock when plans for our participation in the Fourth of July celebration for returned soldiers and sailors will be taken up. This will be the only meeting before the Fourth and it is requested that all be present.

LIFTED QUARANTINE

The ban which had been on in Augusta for three weeks was lifted at 8 o'clock Monday morning, and it is believed that all danger from the alleged smallpox is over. As a matter of precaution churches, moving picture shows, pool rooms, etc., had been closed during the quarantine.—Bracken Chronicle.

PILES RELIEVED

Also Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising improvement is made so quickly that it seems almost miraculous.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 60c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by J. Jas. Wood & Son, who is the agent in Maysville, to help any of the above named diseases or money back. It relieves pain from burns, cuts and bruises, draws out the poison and often heals in a short time. 30c, 60c and \$1.20 a jar at J. Jas. Wood & Son.

GOOD BABY SOAP

San Cura Soap is a healing and antiseptic soap; just the soothing kind that baby needs. It frees the pores from impurities and prevents rashes and other skin diseases. Fine for anyone's skin; banishes blackheads and pimples, clears the complexion. 25c a cake at J. Jas. Wood & Son.

If your druggist doesn't keep it send to the Thompson Medical Co., Titusville, Pa.

FIELDS PRESENTS REQUEST OF MAYSVILLE TO TUMULTY

Maysville Will Be Considered When President's Itinerary Is Made Up Telegram This Afternoon States.

Secretary Carl Dodds, of the Chamber of Commerce, this afternoon received a telegram from Congressman W. J. Fields at Washington in which he says that he has presented the request of the people of Maysville that President Wilson on his trip West to boost the League of Nations idea, speak here before he reaches Cincinnati to open the campaign.

Some several weeks ago this request of Maysville people was forwarded to Congressman Fields. His telegram today says:

"Presented to Secretary Tumulty your request to have Maysville included in President's itinerary and it will receive consideration when itinerary is arranged." W. J. FIELDS.

This looks very much as if Maysville people and our neighbors will get to hear President Wilson if he goes to Cincinnati from Washington to open his speaking tour over the C. & O. railroad.

SPECIAL STREET PAYING COMMITTEE MEETS TODAY

Special Committee of City Council Will Probably Ask For Bids on Paving Between Car Ralls.

A special meeting of the special street paying committee of City Council named some months ago by Mayor Russell to look into the advisability of paving between the car rails on Market and West Second streets, has been called for this evening.

It is expected that at this meeting the proposition of the Street Railway Company to do all of the excavating and pay for one-third of the construction will be considered and more than likely accepted. This matter was left in the hands of the committee at the last meeting of council.

At today's meeting the committee will also more than likely ask for bids on concreting between the car rails and will have all matters ready for presentation to council as a whole at the July meeting.

Several local attorneys headed by Circuit Judge C. D. Newell are in Lexington today attending the annual sessions of the Kentucky Bar Association.
